

Welcome

Blue sky, slightly warmer temperatures and even a few pairs of shorts! The children have been on the grass and enjoying using the trim-trail again after what has seemed like a very long winter.

For your information

Sports Masterclass

Mrs Gabler (Head of PE) has organised a series of Sports Masterclasses for the pupils to take part in over the next two terms. Nathan Sutherland, a coach from SBL Secondary School, will be coming into Redfield Edge on Wednesday afternoons to work with different classes developing skills in cricket, multi-sports and team building. For more information on dates please see the Dates for your Diary.

T5+6 Clubs

Please look out for letter informing you of the afterschool clubs available for the children in Terms 5 and 6. Responses will need to be in ASAP to ensure all is organised ready for clubs to start in the second week back after the Easter break.

What's been happening?

Violin and Cello Assembly

On Tuesday the children in Beech class performed to parents and friends in a special assembly to celebrate the work they have been doing over the year learning to play the violin or the cello. The specialist teachers from South Gloucestershire Music Hub have been very impressed with the attitude of the pupils and the extra rehearsal time that is clearly going on at home. Pupils from Y5 and Y6, who have continued their lessons following their introduction in Y4, were also invited along to play. They demonstrated how commitment, perseverance and hours practice can help you make fantastic progress. It was all very impressive! Well done to all of the children who took part and thank you to Mr Monks, Mrs Sheppard, Simone and Rebecca for their time and effort putting such a great experience together.

Also, we'd like to say a big thank you to the parents and friends who were able to join us on Tuesday. We are already looking forward to the next one!

Magical Maths Assembly

On Thursday we had a visit from Professor Poopenshtinken's from Magical Maths. Magical Maths is a 'super fun' afterschool club designed to boost children's confidence and better engage them with maths. The team came into school to tell the children what they will be doing and to encourage the children to come along. The club will run for six weeks and there is a cost to join. Places will be limited. Please look out for the flyer with information on how to sign-up online.

Creative Arts Competition

A big thank you to all of the children who have now handed in their entries for the Creative arts competition. We have been incredibly impressed not only with the number of you that have taken part but also the standard of entries. We are sure to have a winner or two!!

St Patrick's Day Menu

The children all tucked into chicken stew and dumplings on Thursday to celebrate St Patrick's Day. Although, for some, it was something completely new to try, they did well and most seemed to enjoy it!

Good Luck Miss Lewis

Miss Lewis was presented with flowers, champagne and a huge Good Luck card in assembly this week filled with best wishes for her wedding on Saturday. Remember, from next week she will be known as Mrs Wyatt!

Stereotypes Workshops

Dominique Moore from EMTAS was back today for the second of two workshops on stereotypes and diversity within society for the children in Maple and Oak class.

We would like to thank Dominique for his time in supporting us with this.

Year 5 off to University!

Maple class spent a morning at the University of Bristol on Friday. The children were exploring the Neuroscience festival; a two-day public science event for all ages from primary school to adult. There were exhibits, talks, hands-on activities and a Brain Art competition. The children met neuroscience researchers, scientists and local organisations with the opportunity to talk about all things brain-related. Thank you to all the parents who came along and supported the class, the children had a great time.
