

What's been happening?

Eco Team review our School

Mr Monks has been working closely with our school ECO team (represented by pupils from Y2-Y6) to update our schools environmental review. This covers a range of expectations from energy usage to maintaining the school grounds. The children's work has created an action plan which will be used to improve our practise and make our school greener.

In November Redfield Edge secured a bid which has allowed us to purchase a range of resources including tools for our school garden, tools for litter picking, new recycling bins for inside of the school and the two new bins that you may have noticed in our playground. Keep up the good work ECO team!

Pine Class Visit the Library

It was the turn of Pine Class to walk to Cadbury Heath Library this week. The children enjoyed their session and Miss Howells said that the children represented our school very well.

Thank you to the parents who came along to help out.

Local MP visits Maple Class

The children in Year 5 met with our local MP Chris Skidmore today as part of their topic on the **Power of Parliament**.

The children had the opportunity to ask lots of questions about his role as MP. Chris talked about experiences in parliament, the challenges he faces and the successes he has experienced.

Thank you to Mr Skidmore for giving up his time to come into school.

New Books - Thank you Friends

We would like to say a huge thank you to the 'Friends' and parents of Redfield Edge. Thanks to your support we have been able to replenish our reading scheme books with over £1600 worth of new reading material. The new books have now been stamped and are on the shelves ready for the children to select.

Congratulations!

For your Information

Child Safety Online Guide for Parents

Internet safety and use of social media is a hot topic in the news as more and more young people have access to devices that allow them to freely search the world wide web.

As parents, do you really know what your child is looking at online?

Both UKCCIS and the NSPCC have developed guides to help parents keep their children safer online. It includes information on:

- Social media
- What children could see, who they might meet and how this could affect them
- Practical tips to help minimise the risks to their child
- Ideas to support them with talking to their child
- How to make a report if they are concerned
- Links to support
