

Redfield Edge Primary School

SPORT PREMIUM – 2013-2016

Schools are receiving additional funding from the Government for the academic years 2013–14 and 2014-15 to spend on improving the quality of sport and Physical Education for all pupils.

Through the new school sports funding all schools receive a lump sum of £8,000, plus a premium of £5 per pupil. The amount of Sports Premium funding allocated to Redfield Edge Primary School for September 2013-September 2014 is **£8980**. This additional funding will be used to enhance our sports and Physical Education provision in the following ways:

The amount of Sports Premium funding allocated to Redfield Edge Primary School for September 2014- September 2015 is **£8594**

The amount of Sports Premium funding allocated to Redfield Edge Primary School for September 2015- September 2016 is **£8780**

The school used the OFSTED document 'best practice to maximise the effective use of funding' document for PE published in October 2014 to develop its practice for the year 2014-2015.

PE Leader	Non-contact time for the PE leader to carry out their duties.	£1080
Total:		£10,636

Daily 'After School Sports Clubs' at Redfield Edge continue to offer various sports to children in both Key Stage One and Two. There has been a significant rise in Pupil Participation year on year since the Sports Clubs were introduced in 2012. Pupil Voice' interviews are regularly conducted in order to consider the childrens' sports preferences.

In the last academic year, high quality coaches delivered a programme of training at Redfield Edge. Staff identified areas of weakness and training reflected this; including whole staff after school training and coaching within curriculum time to model quality PE teaching. These sessions provided teachers with good quality lesson and planning models to assimilate within their own practice. The PE coordinator found evidence of improved teacher confidence in all the lessons observed since training.

Redfield Edge' School Alliance with other local primary schools has provided pupils with a range of interschool sports opportunities. School Football and Netball teams have been reintroduced allowing games against Alliance Schools to be arranged. Year 5 children took part in an Orienteering event at The Grange School competing against other children of the same age.

Children at Redfield Edge will continue to benefit from Sports Premium in the coming year. New opportunities are planned during lunch time, after-school clubs, through inter-school sports and staff training.

	April 2016 – March 2017	£8844
Sports coaches – April 2016-July 2016	Sports coaches to teach alongside staff one day a week for the year.	£1,353 95

		£302.37
Teacher and TA support		
		£2,525.93
Total:		£12, 558.02

Children at Redfield Edge continue to have the opportunity to attend a range of afterschool sport clubs offered by SBL. Children can benefit from coaching in various sports such as cricket and athletics. Once a term, a questionnaire allows parents and children to indicate their sport preferences and ensures that any clubs on offer will be a popular choice.

A school football club is also available once a week. Children are able to train each week and also be part of a team when competing against other schools. Last year our team were very successful with quite a run of good results. Children enjoyed the competitive element and the team-work spirit that it inspired.

Each term an audit is carried out to ensure that teachers have the available resources to teach good quality PE lessons. Tennis balls, footballs and bouncy ball stocks are often replenished! Any broken or worn equipment are also replaced. New, larger items are also purchased if needed for specific lessons, recently including a full size cricket bat and wickets.

The RISE School Alliance gives Redfield Edge children the opportunity to take part in joint sports events. An inter-school Sports Day has been proposed as a future event allowing children from a range of schools to compete.

Training and support are provided for new staff at Redfield Edge as well as regular monitoring of existing staff planning and lessons ensure that children receive high quality PE lessons each week.
