Fantastic transition between KS1 and KS2

OFSTED STYLE QUESTIONNAIRE 2019

We have loved all the extra experiences our children have had the chance to take part in – singing, performing, trips, gardening, visitors, sports, supporting younger children and forest school, my children absolutely love their time at this school.

I would like to see some homework given that supports what they have been learning in school, particularly around English and Maths rather than leaving it to the parents to do.

My son joined Redfield Edge a year ago and it was the best choice I made they have helped and supported him and myself. It has changed my son for the better and he is learning and a happy child since we changed schools. I would recommend this school 100%

This year has been a bit disrupted in this class, which has had a bit of an effect on our child's learning.

We had some concerns over the amount of time that the teaching assistants spends with children with additional needs versus the rest of the class.

My son enjoys going to school and over the half term break, he asks when he can go back. After breaking his collarbone, I felt that he received the right support from teachers and staff to help him still be included in class activities.

Pleased we chose this school – no concerns at all.

My son thrives at Redfield Edge; he thoroughly enjoys school and takes part in music lessons and after school sports. He knows who to speak to when he has a problem. The staff are very approachable and helpful both in the office and at the end of the day when the children come out.

The first parent evening of the year should be later so the teacher has had chance to know and assess your child to an extent to make it worthwhile.

School diary could be better communicated with greater clarity and advanced notice eg cake sales and communication between office and class seems inconsistent

Redfield edge is a fantastic school and we feel very privileged that our daughter comes here. She receives a rich and varied curriculum and we cannot fault the care and support from staff. It would be good to see/hear more about what they do.

Lock down policy – does the school have one and do the children know what this is/what to do?

Lovely school with great supportive teachers and assistants who care about my daughter.

As you can see, we are extremely happy and continue to be impressed with Redfield Edge and its values. We are very impressed with the way our child and class are taught as a whole and still thought of as individuals and with respect. This has also been transferred back into the home by our child – thank you

Teachers need to be given some time to read with the children and do reading records, book bands, as this is valuable.
