

Can you name all of our senses? Where are they on our body?

Vocabulary:

Senses	We have 5 basic senses.
Human	Is another word for a person.
Skeleton	An Internal framework of bone supporting the body.
Mammals	Mammals are animals that breathe air, grow hair, fur and feed on their mother's milk as a baby.

Do you know how many bones are in your body?

A baby is born with around 270 bones at birth but by adulthood this is around 206 as some bones fuse together!

Term 1 - Super Me!

What makes us super?
