Redfield Edge Primary School

'Striving to be the best version of ourselves.'

Year 6 in London!

Learning in Beech Class Trip to Ashford Water Treatment Plant

Beech class had a fantastic time on their trip. During the day, they explore the river, searching for minibeasts. They also created a dam to learn about how water flow is controlled in rivers throughout the country. The day ended with a tour around the reservoir where students were able to learn more about how water is treated before it reaches our taps.

I received many comments from the adults who took part in the trip regarding the children's excellent behaviour. Well done Beech Class and thank you for representing us so well.

*Our School Values
compassion respect
resilience*

Learning in Willow Class Trip to the Heritage Museum

Willow class had the best weather ever on their trip to Kingswood Heritage Museum. The class spent time in the gardens learning about William Champion and later observing the many tree species in the grounds. Although it was a hot walk back to school, an ice cream under the shade of trees definitely helped! 😊

Learning in Pine Class

During Term 6 Pine Class have been exploring Puppets. They researched the history of puppets and how they have changed over time. In Design Technology, everyone designed their puppet considering features they wanted to include before making them over the course of the term. It took a lot of resilience as we learnt to sew using the running stitch and then had to cut felt and add accessories to make sure the final product looked like our design. We were so proud of the end result!

These are great Pine Class, well done! 😊

Oak Class Leavers Assembly

On Monday afternoon, Oak Class attended their last ever school assembly at Redfield Edge and it was all for them! The children shared their memories from the last seven years and received special certificates for their achievements. Mr Cadden and I gave the children their gifts from the Friends – a personalised autograph book and the children from all the other classes sang them a leaving song.

Learning in Oak Class

Trip to London - West End

(by Katy and Mille)

Every Year Six class gets to watch a different show in London, this year, we went to see Mrs Doubtfire.

It was GREAT!!

When we arrived, we ate up our lunch. Afterwards, we explored the park and waited for the coach to pick us up.

We were shocked to find that we were watching the hit comedy musical Mrs Doubtfire!

The best parts were when she Was talking to Stu (*his ex-wife's Boyfriend*). Other than that, the best part was when he wrote a rap about being so confused using the phrase "I'm so confused".

On the coach Katy got out 3 stereograms and an illusions book that Johnny, Harry and Isabelle became obsessed with. Katy and Isabelle also created the record for longest game of Uno with over 2 hours!!!

Learning in Hazel Class

Hazel Class had such a wonderful morning creating their fruit salads to finish off our Africa Learning Enquiry! Thank you for everyone who provided fruit!

Here are some pictures of the finished fruit kababs! Some children tried new fruit they had never tried before and loved it!

Redfield Edge Has Talent

On Tuesday, we spent the morning celebrating the wonderful talent we have in school. Two acts (following auditions) were selected to represent each class. We had four fabulous judges and a morning of so much fun!

WINNERS! 😊

Head and Deputy for the day! 😊

The children in Year 6 all applied for the role of Headteacher for the day as a bit of fun at the end of term. Two applications stood out, so I had a Head and Deputy who carried out tasks such as writing sections of this newsletter, a lesson observation and break duty!

Important Date
Monday 2nd September
INSET DAY
School will be closed 😊

A Sad Farewell

On Friday morning we held our last celebration assembly of the year.

In addition to the many certificates and medals awarded to the children, we also said farewell to staff who are leaving us.

Miss Green has been with us as part of her teacher training programme. Miss Green (a past pupil of ours) has been a great addition to Pine class and we want to wish her every success in her future career.

Our final farewell was for Miss Fletcher – our amazing Holly Class teacher. Miss Fletcher has been here for three years and has had such an incredible, positive effect on our school. Her expertise in Early Years has transformed our provision.

Learning in Holly Class

Last week, we explored 'shape' through many different ways. Here are some photos of our independent learning! Ask your child if they can name shapes around them in their environment.

Learning in Maple Class

This week, Maple Class have started to experiment with practising the 'running stitch' method in DT. They first perfected their stitching technique using binka fabric. They then began to applique felt onto patterned fabric to create their own, unique patches to take home!

Year 6 Reflection by Katy and Millie

Most of us have been in this school for 7 years and we have enjoyed every second of it!!!! This is our reflection of the last few years.

In year four, I joined and instantly felt welcomed. Within a few weeks, I had already settled in and was really enjoying the school. I made new friends easily and was part of a lovely friendship group! As the years went on, I met new people and could tell they felt welcomed as part of the Redfield Edge family.

I have been at this school for the whole 7 years and it has been the BEST!!!! I have made such happy memories with not just those in my class, but others too. I will miss everyone so much ☺ and I hope the other year sixes have an AMAZING time at SBL while I go to KES in Bath. Everyone has been so kind and supportive; I hope you all have a brilliant time.

WE WILL MISS REDFIELD EDGE SO MUCH. THANK YOU FOR SUPPORTING US FOR THE TIME WEVE BEEN HERE. WE WILL NEVER FORGET YOU!!!!

☺☺☺☺☺ ☺☺ XXXX Katy and Millie

Have a wonderful summer break everyone! Mrs Robinson ☺☺☺

Dates for the Diary

Monday 2 nd September	INSET DAY	The school is closed for staff training on this day.
