

Term 5- Space- Our Key question- When did Humans visit Space?

Sticky Vocabulary

Solar System	The Sun and the family of planets and moons.
Orbit	The path that a planet travels along.
Asteroid	A chunk of rock in space.
Crater	A round hollow in the surface of a planet or moon.

Sticky Knowledge

Crescent Moon:

Sometimes you only see a thin bright slice of the Moon in the sky.

Did you know that the Sun is really a star?

It is one of millions of stars in the sky. As it is much nearer to Earth it looks much brighter and bigger.

The First Men on the Moon:

Apollo II blasted off in 1969. Neil Armstrong, Buzz Aldrin and Michael Collins were the astronauts on Apollo II.
