Redfield Edge Primary School

'Striving to be the best version of ourselves.'

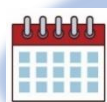

Holly Class on their first school trip! 😊

Learning in Holly Class Holly Class visit Bristol Aquarium!

This week in Holly Class, the children been diving deep into the theme "What can we do to help our oceans?" The children have explored how, as humans, we can care for our seas and the amazing creatures that live in them. Through stories, art, and hands-on activities, Holly Class learned about reducing plastic waste, recycling, and the importance of keeping our beaches clean.

To bring their learning to life, Holly Class went on their very first school trip to Bristol Aquarium! The children were fascinated by the colourful fish, mesmerising jellyfish, and even had the chance to feed some of the fish!

Thursday 3rd July
Year 6 off to the West End
(London)

It was a wonderful day full of awe and discovery.

A huge thank you to our wonderful parent volunteers and staff for helping to make the trip such a success – we could not have done it without you! 😊

Willow Class team up with Maple class

On Wednesday, Year 3 and Year 5 made the most of the beautiful weather by working together during their PE sessions.

The children, in their house teams, took part in a mini Rounders tournament led by Mr Cadden and Miss Cole.

They thoroughly enjoyed themselves!

Parents Evening
8th & 10th July

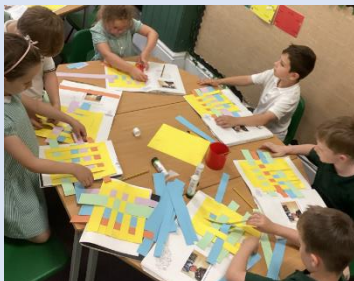

Learning in Hazel Class

Hazel Class have been learning all about Judaism! The children made their own Shafar horns, which are blown to signal the Jewish New Year. Hazel Class have been learning lots of new words like *Rabbi*, *Synagogue* and *Rosh Hashanah*.

Well done for showing such creativity!

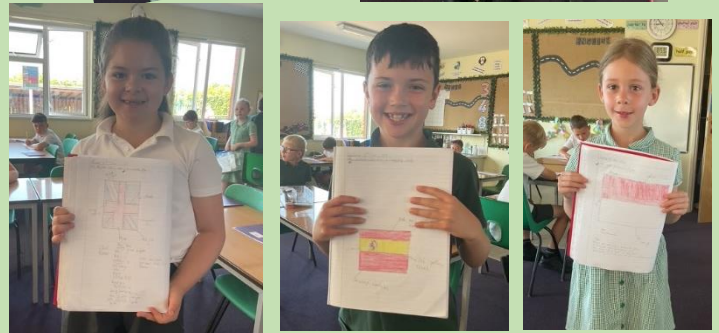

In Art, we have been learning to weave. Can you believe that this was Hazel Class' first time at weaving? What beautiful work!

Learning in Willow class

The children in Year 3 have been working hard designing their flags for their sewing unit of learning in D+T this term. They have chosen their country based on a racer from the 2025 formula 1 team. Miss Cole is very impressed with the children's artistic skills and cannot wait to see their final flags! 😊

Learning in Oak Class

This week, Oak class went on a class fieldtrip in and around the local area, investigating how much of an impact people have on the local environment.

The children observed and measured traffic entering three different locations, as well as litter and noise pollution. The children had great fun exploring the local area and were excited to analyse their data and have made some interesting reflections! 😊

Learning in Beech Class

This week in PE, Beech Class have been learning and practising new skills to help them improve in different areas of field athletics. From throwing techniques to jumping and aiming for distance, the children showed great determination and enthusiasm.

Despite the VERY hot weather, they all gave it their best effort and supported each other brilliantly – well done, Beech Class!

Learning in Maple Class

In science, Year 5 continued their unit on the human body by investigating how hearts change when exercising. The children found and measured our pulses to find our resting heart rate and counted the beats per minute (BPM). After finding this, they then completed a range of exercises to find and record the difference between our resting heart rates and active heart rates.

Maple Class found that after completing exercise, there was a clear increase. Finally, the children took the information they gathered and created tables to show this.

Learning in Pine Class

In RE this week, Pine class have been starting to understand the 5 Pillars of Islam. To help them, the children re-enacted the Hajj and did their own pilgrimage around the playground imagining the outdoor classroom was the Kaaba.

In Maths, we have been focusing on statistics and have collected data to help us create and understanding tally charts.
