Redfield Edge Primary School

'Striving to be the best version of ourselves.'

Holly Class on their first Class trip! 😊

Holly Clas visit to Bristol Aquarium

As part of the Holly class enquiry learning, "What do we know about our oceans?", Holly class enjoyed a special trip to the aquarium on World Ocean Day.

The children took part in a guided tour, took part in fish feeding, and enjoyed hands-on experiences exploring shells and shark teeth. It was a fantastic opportunity to deepen their understanding of ocean life and inspire curiosity about the world beneath the waves.

Friday 19th June

Friends Fun Run

Bring a towel – you will get wet! 😊

Well Done Holly Class!

We were all so proud of Holly class this week as they welcomed family and friends to their first ever class assembly. The children shared some of their learning over the year and we were treated to the story of the Three Little Pigs. Holly class spoke well and sang beautifully!

Super Job to all 😊

Thank you for family and friends for coming along to support the children and to the staff who put it all together. 😊

Learning in Pine Class

On the last day of term, the children made the most of the sunshine and finished plotting their minibeast maps, they found out where and why different minibeasts like certain areas around the school.

This term Year 2 have kickstarted their computing stop-motion animation unit. They created flipbooks of a character/thing moving slightly on each page to create an animation illusion. They also practiced using stop-motion animation on the iPads, using a space theme and children moved rockets and aliens in each frame, the results were fantastic!

Learning Enquiries T6

Holly Class	<p>What do we know about our planet? <i>(exploring our oceans, learning about recycling and caring for our planet, where food comes from and our local area)</i></p>
Hazel Class	<p>Where is Africa? <i>(an exploration of the continent of Africa, the food, the animals and the culture)</i></p>
Pine Class	<p>Do you like to be beside the seaside? <i>(taking a look at seaside holidays now and in the past – understanding how they have changed and why)</i></p>
Willow Class	<p>Is it finally coming home? <i>(all things World Cup – the origins of football and how the tournament has changed and evolved over time)</i></p>
Beech Class	<p>Why is water important to our planet? <i>(developing an understanding of the water cycle, how water is distributed and changes of state)</i></p>
Maple Class	<p>How does my body change? <i>(exploring our bodies and how they change as we get older. Finding out how our bodies work and how to look after them)</i></p>
Oak Class	<p>How can we entertain you? <i>(The children put on a magical show as their farewell gift to the school)</i></p>

Learning in Oak Class

This week in Oak class, the children have prepared fundraising groups in their last effort to raise money for their London Trip in July.

The groups involve: selling ice-lollies; live-stream performance; selling bracelets; selling cakes; car washing; selling lemonade and sweets and selling popcorn and milkshakes. Some of these sales will take place after school on the playground.

Dates for these events are 15th, 16th, 17th, 19th, 22nd June.

Pine Class Assembly

Last term Pine class performed their class assembly on 'minibeasts'. The children worked super hard to practice lines, learn a song and rehearse on stage in just over a week! They were brilliant and all spoke with clear loud voices. Well done Pine class!

Thursday 18th June

New Parent Welcome Meeting
(Holly Class Sept 2026)

Learning in Hazel Class

Year 1 have found out that their enquiry question this term is 'Where is Africa?' Hazel class had so many questions that the children used the iPads to research Africa and the fruit that is grown there.

The children then looked at the artefacts and wrote about the things that they noticed and questions they thought of.

Thursday 25 th June	Year 1 Class Assembly
Tuesday 14 th July	Year 6 final production
Thursday 16 th July	Leavers Assembly (Y6)

Learning in Maple Class

Maple class have been learning about gestation periods as part of our *Animals Including Humans* science topic this week. We explored how mammals reproduce and discovered that a gestation period is the length of time a baby develops inside its mother before birth.

The children investigated and compared the gestation periods of different mammals, using scatter graphs and data tables to spot patterns, ask scientific questions and draw conclusions. We were fascinated to discover the huge differences between species and enjoyed thinking like real scientists by analysing data and explaining our findings.

Mosaic Swimming Gala

On Tuesday this week, children from both Y3+Y4 and Y5+Y6 took part in our annual Mosaic Swimming Gala held at Longwell Green leisure centre.

Our children were AMAZING, winning so many of the races – and representing our school so incredibly well.

Tuesday 7 / Thursday 9th July

Parents Evening

Families will receive a written report – the parents evening is optional for those who would like to talk about their child's year in a little more detail.

Nature Explorers

This week, Pine class enjoyed their Nature Explorer sessions with Mrs Stone and Mrs Bailey.

The children all had a go at Archery with Mrs Stone whilst the others explored our outdoor area building dens and getting creative!

Next week is the turn of Year 1 and then Holly class before Nature Explorers finishes for the school year. Don't worry though – Nature Explorers will be back next academic year for all of the children to enjoy! 😊

Year 6 Cake sale raised **£53.00**
Thank you for supporting the children. 😊

Thursday 2nd July

Year 6

London Theatre Trip

Learning in Willow Class

As part of our geography field study, Willow class have been answering the question "How clean is our environment?". The children spent Tuesday afternoon investigating our school grounds and recording their results in a tally chart.

Year 3 found out that the playground had the most litter and picked up over 20 pieces of rubbish! Afterwards the children created their own bar charts to record the information. This was a great practise before their local area walk where they will be finding out how clean and tidy our local environment is too!

Learning in Beech Class

Year 4 have been geographers this week, using checkpoints on a map to discover changes from the past in their local area. They looked at old photographs and compared them to places they saw today. They looked at housing, shops and local amenities such as pubs and how they differed from the past to now.

They enjoyed walking around their local area to gather information as part of their fieldwork project. They then returned to the classroom to collate information and discuss what they have discovered. They also looked at local life articles to see what types of lives people led and lead then and now.

SPORTS DAY

TUESDAY 30TH JUNE

Come and cheer us on!
Parents are welcome to come and watch their children take part.

KS1 RACES	KS2 RACES
 Morning 10AM START	 Afternoon 1.30PM START
